

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary at any time is completely irresponsible and gross abuse of their power. Sinclair, along with every leader, corporate or individual, is obligated to serve the whole community and nation, not simply itself and its own interests.

The FCC exists to ensure that TV and radio serve the needs of the community and nation; Sinclair's intended plans clearly would not. I strongly urge the FCC to prohibit Sinclair from airing their anti-Kerry documentary, particularly during the pre-election period. Sinclair's intended timing underscores their culpability, revealing their plan to be manipulative and corrupt.

Thank you for your time and consideration. Your continued commitment to democratic standards is critical.
